

# What is Maths-Whizz?

- Virtual tutor for your child online
- Adapts to your child's unique needs
- Works like the best tutors
- Fun, interactive lessons full of animation
- Builds confidence, enjoyment and ability

# Why Maths-Whizz?

- Every child deserves to learn in a way that suits their unique needs and pace. Maths-Whizz helps teachers to provide this.
- The Maths-Whizz Tutor simulates the behaviour of a human tutor, using an approach designed by our team of teachers, educationalists and curriculum experts.

# How does Maths-Whizz work?

- First, an initial assessment finds your child's strengths and weaknesses across key topics, and works out a Maths Age score for each topic.
- The Maths-Whizz Tutor then delivers fun, interactive lessons that focus on strengthening your child's weaker topics while developing stronger areas. This kind of approach is vital to progress in maths.

# Your personal tutor

Lessons tailored to **your child's** specific needs

Clear visual explanations,  
interactive exercises

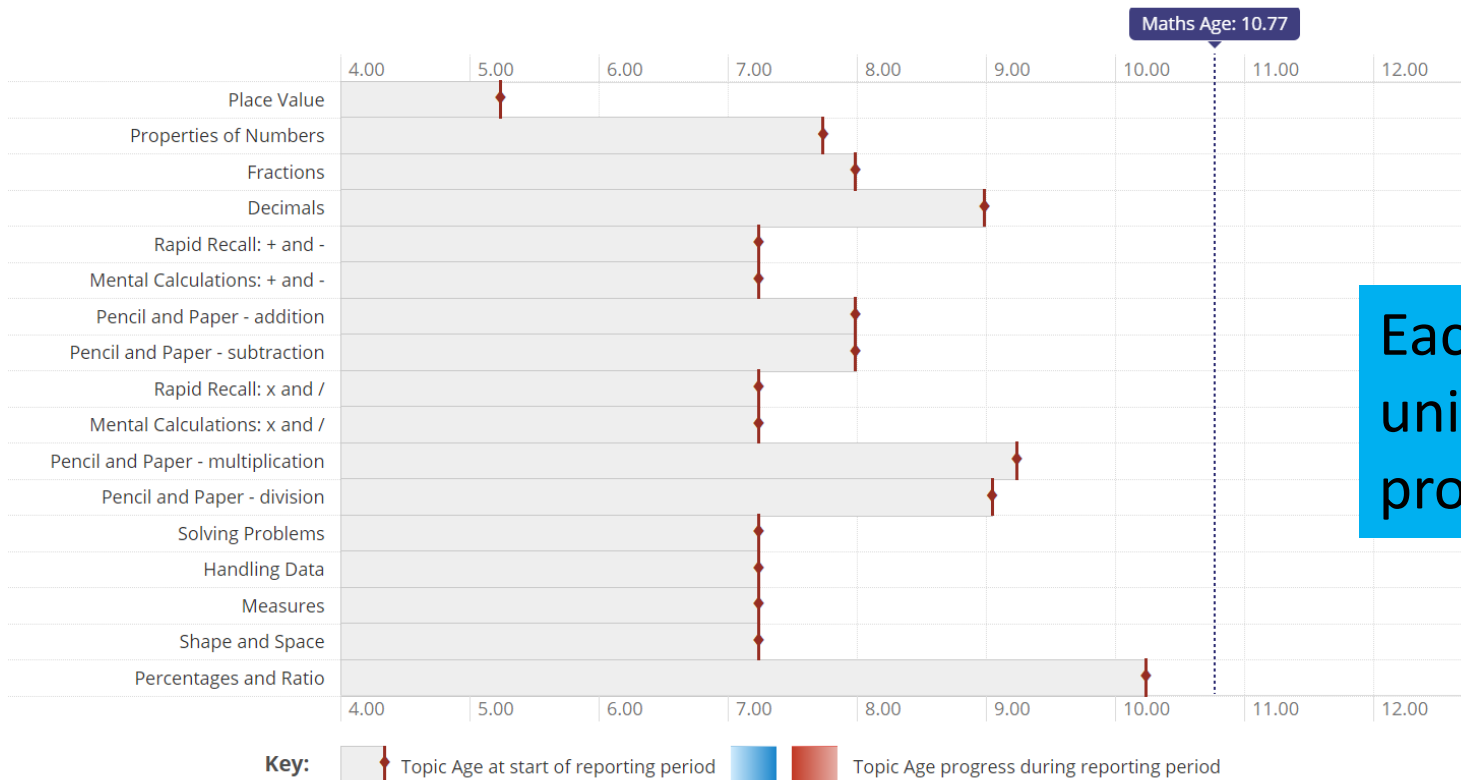

Regular short tests to  
reinforce understanding

Extra practice with Topic  
Bank and Replay

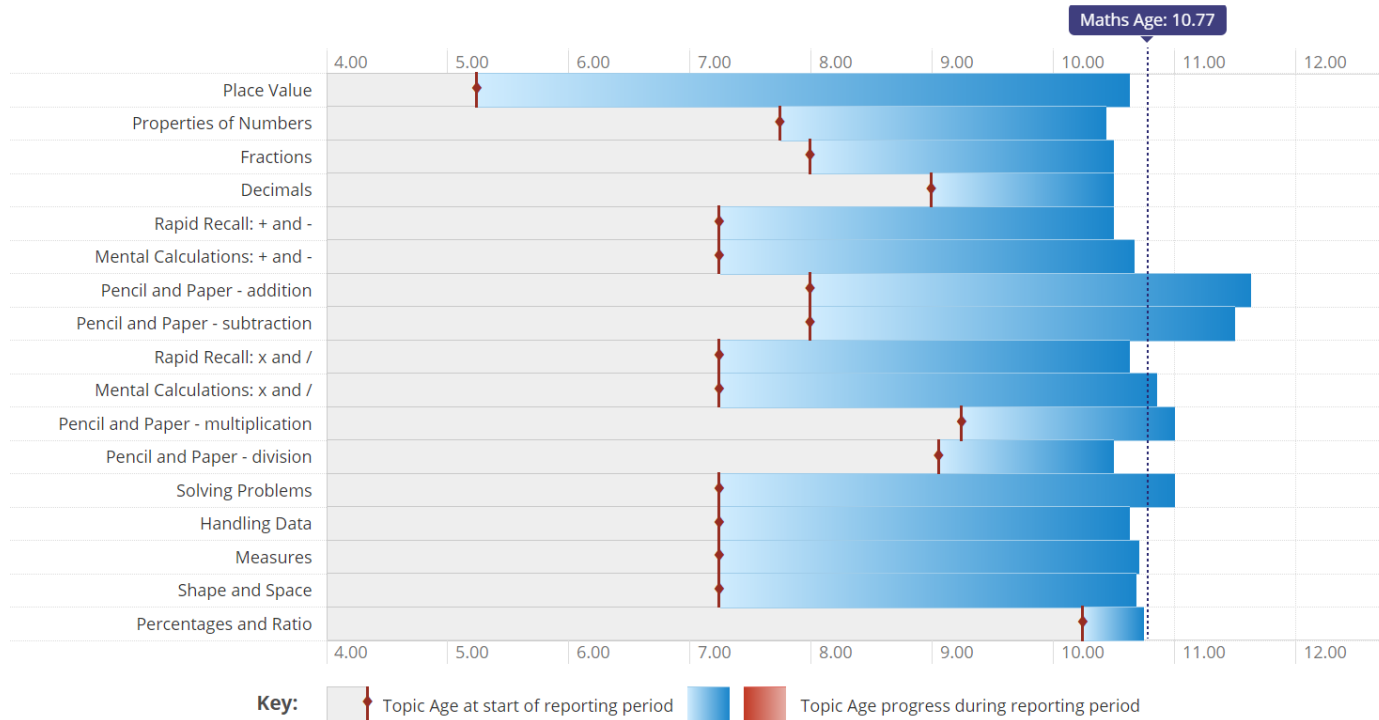

# The initial assessment shows the strengths and weaknesses

Each child has a unique learning profile

Progress of each child will be tracked by the teachers at the school

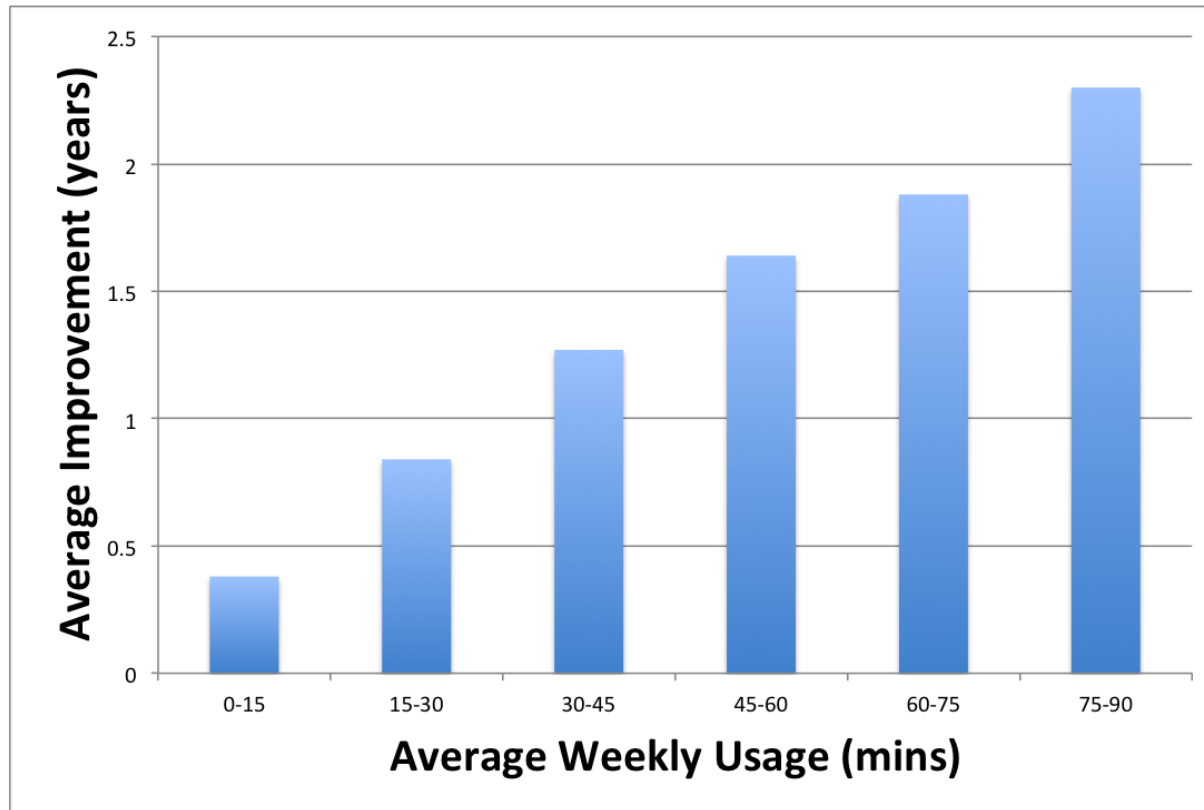

Maths-Whizz delivers lessons to focus on weaknesses and maintain the strengths in order to build a rounded learning profile

## Consistent usage means accelerated learning

***Your child can dramatically accelerate their maths learning with just 45-60 minutes of Maths-Whizz each week***

# How can I help my child?

## Schedule

- Schedule in 45-60 minutes of Maths-Whizz across each week combined with time in school.

## Monitor

- Keep track of progress
- Intervene when they're stuck – use Topic Bank and Replay
- Ensure your child concentrates on the tests to progress (pass mark = 60%), but don't help them within the test itself

## Discuss

- Discuss the reports with your child's teacher

# Supporting your child

Sign up for **Free Parent Emails** to receive monthly updates on your child's:

Maths Age

Strongest Topic

Weakest Topic

Recommendations for increased progress

Upgrade to your personal **Parent Dashboard** for access to live detailed reports on your child's:

Progress across all topics

Results within each lesson attempted

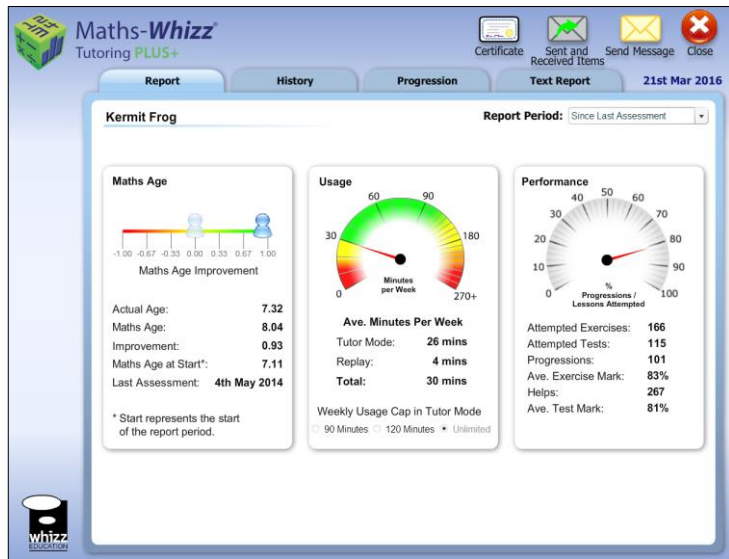

Next 3 lessons

You can send Messages, Stickers and Print Certificates to reward them

# Setting up your Parent Dashboard

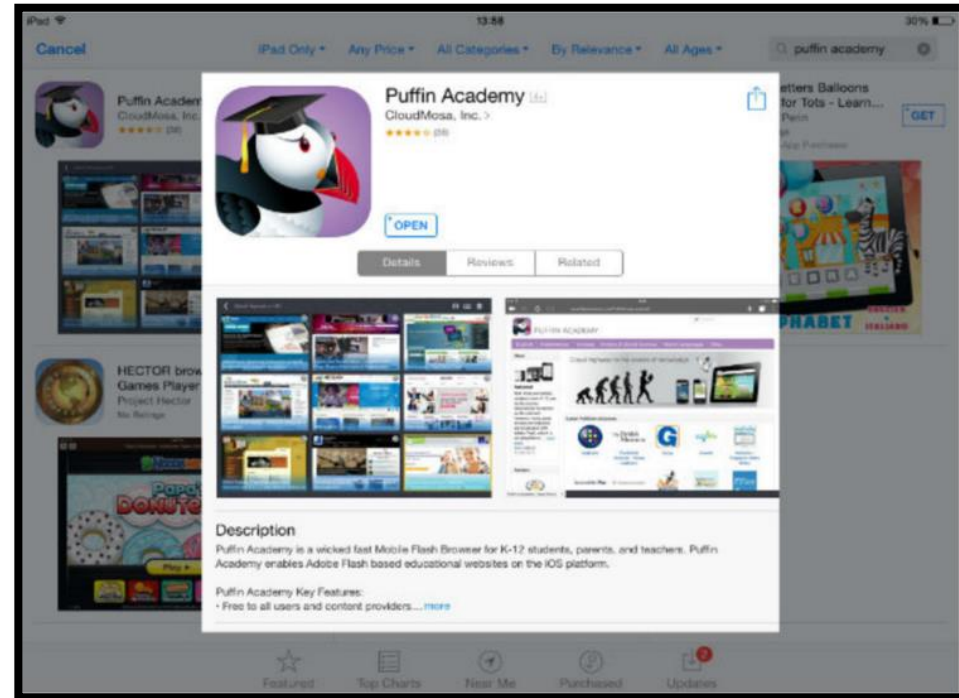

- Log in to your child's Maths-Whizz account
- Go to Console
- Click the **orange Parents** button.
- Follow the instructions on the screen

Once you have activated your Parent Dashboard, you can access it from [www.whizz.com](http://www.whizz.com) by entering your **email address** as the username and the **password** you have set up.

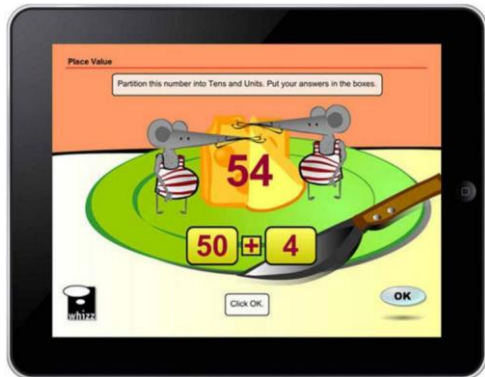

## To use Maths-Whizz on an iPad/tablet:

- Download the free Puffin Academy app from your app store
- Open Puffin Academy and search for **Maths-Whizz**.
- Click on Launch
